Hello Ms. Ann

So funny I was about to email you. I just checked mail from my house this morning.

Hope you and your family doing well.

Again thank you so much Ms. Ann.

“M”

“V” and “R”:

Thank you so very much for stopping by with the girls on Saturday.

It was nice to catch up and to congratulate “A” in person.

It was an absolute pleasure working with you and “A” last year.

I am thrilled that she is going to BB&N. I think she will do very, very well there.

Please stay in touch.

Thanks!

Anne

Hi Anne,

“H” was accepted at Rivers and BB&N. She received a personal phone call from the BB&N soccer coach last night to congratulate her and let her know how excited they are about her possibly coming to BB&N.

The Director of Admission at BB&N sent a beautifully written, kind email to all of the applicants on Monday explaining their process and thanking everyone for taking the time to apply. Every event we have attended at BB&N has been intellectual and just high quality. Also, every Rivers event and email has been so welcoming and beyond professional. I am very impressed with everything about Rivers.

So, in the end, “H” will be a proud BB&N Knight next year! She is thrilled, and I know in my heart that BB&N is where she belongs. We feel genuine kindness and intellectualism there, along with a strong sense of earned but humble school pride in the quality of its people, traditions and academics.

Thank you again for everything. I truly think of you as a friend, and I hope that we can stay in touch.

Now, I just have to figure out where we are moving!

Warm regards,

“M”

Hi there,

We just wanted to let you know that “C” got some really good news today. She was accepted at all 3 schools: Pingree, BB&N and Winsor.

Thank you both (and Mr. Mike) for all of your help with her applications and SSAT testing.

I've attached the Winsor letter, which really conveys the strength of her application. It is clear that the admissions team really understood “C” and that is a testament to your entire application preparation process. We deeply appreciate your help and guidance in getting her there.

We will be sure to let you know what she decides on April 10!

“J” & “M”

We found the school search process to be stressful and overwhelming at times, and were so grateful to have Mike's guidance throughout our journey.

Mike's advice and experience has been invaluable during the application process. He is one of the best in the business and we could not have made it through this process without his guidance.

Out of all the people that we spoke with about private school (probably hundreds at this point) you were the only one that advised us to ultimately make our choice about school based on our children and what we thought would be the best fit for them--big picture--and I am so grateful.

From the parent of “S” and “Z” placed at a private school for 5th and 7th grade, respectively

Mike: We know we will be talking to you more in the coming days. But, thank you for being the best coach and mentor “M” has ever had. He has grown so much and made tremendous progress since the first day you walked through our door.

From the parent of “M” placed at a private school for 8th grade

I had a great experience during the admissions process with Michael’s help. It was evident that he truly cared about my thoughts throughout the process and my outcome. He was with me the whole way. He gave me a good understanding of what the schools I was applying to wanted to know about me during interviews. He helped me understand that what I said during interviews showed the schools what I value, and from there he and I decided what I wanted the schools to know about me. I practiced interviews with him multiple times, which played a large role in building my confidence for the interviews. He gave me good tips for the interviews, for example having what I want to say on a note card (especially during Zoom interviews), so that I could glance at it when I needed to. He helped me stay on track with my deadlines and decipher my thoughts about high school choices - knowing what was truly important to me in a school, which schools I really wanted to apply to, and what I wanted the school to know about me that would help them evaluate whether I was right for the school. Michael helped me find what really mattered to me when I was attempting to cut down the word count in my essays. Lastly, he gave me some fundamental basics and tips for the process. Thank you for everything, Michael.

Can we add your child’s successful placement to this list?
